

## **Y3 Intent**

At Hunningley Primary, our Year 3 curriculum is designed to deliver education with character through a broad and balanced approach. We embed the school's core values into every aspect of teaching and learning, equipping children with the essential skills needed to thrive academically, socially, morally, culturally, and spiritually.

We are committed to nurturing the whole child, instilling in them the tools to succeed both during their primary education and beyond. Our curriculum fosters qualities such as confidence, ambition, resilience, creativity, determination, respect, and enthusiasm. Children are encouraged to apply these attributes to solve problems, embrace challenges, and grow as independent thinkers.

Above all, we aim to inspire a lifelong love of learning—raising aspirations and preparing children for a happy, successful future.

## **Implementation**

By the end of Year 3, children will have had the opportunity to engage in a wide range of enriching experiences, including:

-  Creating a cave painting
  -  Designing and making a photo frame
  -  Participating in a sporting competition
  -  Developing a portfolio of writing across various genres
  -  Performing a shadow puppet show
  -  Learning basic first aid
  -  Taking part in outdoor learning
  -  Attending a variety of educational visits
- These experiences are carefully planned to support personal growth, creativity, and curriculum engagement.

## Impact

The Year 3 team delivers a high-quality, progressive curriculum that supports children in reaching their full potential and becoming responsible, reflective learners.

Mathematics is taught systematically using the White Rose Maths scheme, enabling children to develop fluency, reasoning skills, and problem-solving abilities.

Children are exposed to a rich variety of high-quality texts across the curriculum. They are regularly read to by adults and have frequent opportunities to read aloud themselves. This approach cultivates confident, fluent readers and fosters a deep love of reading.

As they transition from Year 3, children will:

-  Be responsible and reflective learners
-  Possess a genuine love of learning, nurtured through a broad and balanced curriculum
-  Demonstrate resilience
-  Approach challenges as problem solvers
-  Work independently and confidently
-  Be fully prepared for the next stage of their journey in Year 4!
